

Umbarger Show Feeds **Goat Management Tips**

- Feed up to 3-4 lbs per head per day.
- Feed Umbarger Show Feeds as sole grain ration.
- Free choice mineral and clean, fresh water should be made available to show goats at all times.
- Provide quality grass hay.
- When changing from one feed to another, always mix feeds over a period of one week.
- Weigh animal regularly and chart weight gain.
- Worm animal periodically.

We Feed Champions

Umbarger Goat Feeds are fortified with the best possible ingredients and to optimum levels for each weight category of goats. You can feel confident that Umbarger Show Feeds is providing the best feed possible for any show goat.

MEAT GOAT GROWER

16.0% Protein, 3.5% Fat, 10.0% Fiber

Meat Goat Grower 16% is a proven ration for the developing and finishing champion goats. It is properly balanced to promote correct skeletal growth while maximizing muscle development. It has proven to be extremely palatable to deliver consistent consumption. It contains ammonium chloride to aid in the prevention of urinary calculi and Rumensin to aid in the prevention of coccidiosis.

MEAT GOAT BARLEY BASE MEDICATED

16.0% Protein, 4.0% Fat, 7.0% Fiber

Meat Goat Barley Base is a fool proof finishing ration. This ration is formulated to put a smooth firm finish on your goat. This highly palatable ration is great for hot summer months as goats will stay on feed and be fresh and ready for show. It contains ammonium chloride to aid in the prevention of urinary calculi and Rumensin to aid in the prevention of coccidiosis.

MEAT GOAT CREEP 18% MEDICATED

18.0% Protein, 3.5% Fat, 10.0% Fiber

Meat Goat Creep is a great starting ration for young kids. This ration is formulated with cracked corn for a uniform particle size. This ration is higher in protein and fat to help develop muscle and bloom. Meat Goat Creep is a great ration to get your goats sale ready. It contains ammonium chloride to aid in the prevention of urinary calculi and Rumensin to aid in the prevention of coccidiosis.

COMMERCIAL GOAT 16% MEDICATED

16.0% Protein, 2.5% Fat, 20.0% Fiber

Commercial Goat 16% is a medicated breeding herd diet. This ration is properly formulated to maintain mature goats. This ration can also be used to grow goats not intended for show. It contains ammonium chloride to aid in the prevention of urinary calculi and Rumensin to aid in the prevention of coccidiosis.

DAIRY GOAT 16%

16.0% Protein, 3.5% Fat, 10.0% Fiber

Dairy Goat 16% is a non-medicated ration designed for lactating dairy goats. The steam flaked grains make this ration extremely palatable and efficient. This ration can also be used for growing goats when a non-medicated feed is preferred.
